<b>Description</b>	<p>The Institute Innovation Council (IIC) and ED Cell of Vignan's Institute of Information Technology (A) organized an inspiring session, " Exposure and field visit for problem identification: Aligning with UN SDGs and Exploring Emerging Areas of Technologies," on November 25, 2024, at 09:00 AM to STPI-RINL Kalpataru. Over 40 students and 03 faculty innovation ambassadors actively participated during the visit.</p> <p>The Industry 4.0 Centre of Entrepreneurship STPI-Kalpataru RVNL hosted a field visit on 25th November 2024, focusing on the transformation of industries like manufacturing, healthcare, and logistics through IoT, AI, blockchain, robotics, and automation. Participants engaged in structured interactions with industry experts, entrepreneurs, and mentors, identifying real-life challenges faced by startups and businesses in adopting these technologies. The visit highlighted the importance of collaboration between industry, academia, and government in building an innovation-driven ecosystem. Participants actively listened, asked open-ended questions, documented key challenges, and participated in a brainstorming session to discuss possible solutions.</p>

#### Feedback:

Students expressed their view that the visit to the Industry 4.0 Centre of Entrepreneurship STPI-Kalpataru RINL on 25<sup>th</sup> November 2024 was highly informative and engaging. Students gained valuable insights into emerging technologies like AI, IoT, and blockchain. Interactive demonstrations enhanced learning, fostering innovation and collaboration. This experience will inspire students to explore technological advancements further.
